The diagram shows a form layout. On the left is a table with three rows. The first row is a single cell containing a label and a text input field. The second row is split into two columns, each containing a label and a text input field. The third row is a single cell containing a label and a text input field. To the right of the table is a silhouette of a person, representing a user profile or a person associated with the form data.

The diagram illustrates a form layout. On the left, there is a table with three rows. The first row is a single cell. The second row is split into two columns. The third row is a single cell. To the right of the table is a silhouette of a person. Above the table and person, there are several horizontal bars of varying lengths, representing text or labels.

A diagram illustrating a form and a person silhouette. The form is a rectangular box divided into several sections, some of which are labeled with text like 'Name', 'Address', 'Phone', and 'Email'. To the right of the form is a silhouette of a person's head and shoulders.

The diagram illustrates a form layout. On the left, there is a table with three rows and two columns. The first row has a single cell. The second row has two cells. The third row has two cells. To the right of the table is a silhouette of a person. The entire diagram is enclosed in a rounded rectangle.

The diagram illustrates a form layout. On the left is a vertical sidebar containing three rectangular sections. The top section is the largest, followed by a smaller one, and then a third one at the bottom. The main content area on the right is divided into three horizontal sections. The top section is the largest, followed by a smaller one, and then a third one at the bottom. A grey silhouette of a person's head and shoulders is positioned to the right of the main content area, overlapping the top and middle sections.
